READ—

Letter No. C. 115—L. F. 26-27, dated the 7th October 1926, from the Deputy Commissioner, Chitaldrug District,

1. Veerasaiva Vidyavardhaka Sangha, Davangere.
2. Anjuman Himayat Islamia, Molakalmuru.
3. Do Minnal Islamia, Molakalmuru.
4. Do Muffidul Islam Association, Chitaldrug.

forwarding with his recommendations the applications received by him from the marginally noted Associations in

the Chitaldrug District seeking enfranchisement for representation of Special Interests on the Chitaldrug District Board under the new Mysore District Boards Regulation.

ORDER No. L. 2916-23—L. B. 62-26-58, DATED 5TH NOVEMBER 1926.

The Deputy Commissioner, Chitaldrug District, has recommended that the following Associations may be enfranchised for representing their interests on the District Board:—

- (1) Veerasaiva Vidyavardhaka Sangha, Davangere.
- (2) Anjuman Himayat Islamia, Molakalmuru.
- (3) Do Muffidul Islam, Chitaldrug.

He states that the other Mahomedan Association at Molakalmuru need not be enfranchised as it is not desirable to grant franchise to two Associations formed with one and the same object in a small Taluk like Molakalmuru.

Government agree with the opinion of the Deputy Commissioner and are accordingly pleased to extend the franchise to the three Associations, recommended by him.

They are further pleased to direct that the extension of the franchise to the said Associations should not be regarded as a permanent privilege and that preference will have to be shown as occasion arises to minor communities that are unlikely to get representation through the general electorate after they form themselves into duly recognised Associations.

Drinking Water Wells.

ORDER No L. 3024-31—L. B. 26-26-83, DATED 12TH NOVEMBER 1926.

Under Section 20 of the Mysore Village Panchayet Regulation, II of 1926, the duty of providing supply of water for domestic use devolves on the Panchayets to be inaugurated from the 1st February 1927, and forms one of their obligatory duties towards which they should make adequate provision, within the limits of the funds at their disposal. In order to satisfactorily carry out the requirements of each Panchayet, Government are pleased to direct that Amildars of Taluks and Deputy Amildars who will be immediately responsible for the supervision and control over the Panchayets, should maintain in their Offices, a ledger containing complete list of villages with and without drinking water draw wells, the condition of the existing wells and the action taken from time to time to supply wells in villages where no wells exist at present.

A definite programme of wells to be constructed from year to year should be drawn up and submitted to the Deputy Commissioners by the end of January 1927 and the Deputy Commissioners will consolidate the demands of the several taluks and submit the total demand for each District under Drinking Water Wells so as to reach Government before the end of February 1927, with a view to enable Government to settle the provision required to be made in the State Budget under this head during each year.

Cases wherein estimates are ready and which would be taken up and completed in the year alone should be entered in the programme. Special attention should be paid to hattis or villages occupied by Adikarnatakas or Adidravidas. The Sub-Division Officers and Deputy Commissioners should also include wells in the items of works to be inspected by them during the tours.

A half-yearly progress report of Drinking Water Wells in each taluk should also be submitted by the Amildars to the Deputy Commissioners who will send a consolidated report to Government at the end of every year.
